*Research Executive Agency Representative

® The chair person briefly presents the overall scientific objective of the team and passes on the word to the other team members (scientists-in-charge), who briefly present their research team and describe their role in the Forging Identities ITN.

☺ **10 minute presentations:** ESR (all 10) & ER (only TFS) fellows should present themselves, their background, their work, and their training experiences in the network. This representation should go beyond the scientific project and should include their expectations on the possible impact of the action on their future career. Title of project should be mentioned and very briefly what it is about. Scientific role in the project may also briefly be mentioned.

All participants in this session will prepare 1-3 power point slides in bullet point style & a portrait photo, mailing them to Birgit Rasmussen no later than January 18th.
